## FPSNA UPDATE ANNOUNCEMENT RE: MEMBERSHIP

### **Did you recently receive an FPSNA e-mail request to renew membership??!**

Are you debating on renewing your FPSNA membership? You have more time than you may realize to make a final decision.

Section 3.9 (b) of the FPSNA bylaws tells us that members are obligated to pay fees before February 15th.

Section 3.7 (b) of the FPSNA bylaws tells us members forfeit their membership privileges if they are more than 2 months in arrears of paying fees.

Since my announcement of intent to withdraw my support of FPSNA in early December, I have received many communications from people who have similar sentiments and wish to see leadership change. If you are feeling the same way and want to be part of the action for change, you should contact me. In addition, on 12/17/25, FPSNA leadership held an informational meeting on FPSNA bylaws. Announcements that specific bylaw revisions will happen with no assurance of proper process, emphasis on moot points while glossing real concerns, and telling untruths during this meeting unfortunately led several people to have further concerns.

If you are a FPSNA member who would like to see new leadership and improvements in the management of this 501c3 organization, please contact me for more insight and help.
